

LET THE JOURNEY BEGIN

All your expectations are clearly defined on what materials and service you need, how much they cost, how the outside vendors will be paid (caterers, entertainment, DJs, rental companies, etc.), and how we will handle most situations that could arise during the course of the project. All of this information will be provided in a written document so that all surprises are removed. Once we commence on the journey toward your event, we will provide you with continuous up to the minute status through the MMG planning dashboard. We will learn the personality of your event and specify the event planning services that are provided, all in a no-charge meeting!

THE GOAL

Multimedia Marketing Group will provide event planning, consulting, and execution services in the following areas for you:

1. General analysis and event planning, marketing integration and consulting
2. Social media strategy development and execution
3. Daily/weekly event planning management services based on the event plan.
4. Vetted vendors- on time and schedule

Multimedia Marketing Group's commitment to clients' needs, listening and interactive participation is at the center of what we do. We structure an authentic, collaborative process to promote meaningful dialogue and build consensus among a multitude of corporate stakeholders, crafting a shared vision for your event and translating the hopes and dreams of each client from their specific needs and challenges, into exceptional, uncommon results. If you would like to come aboard for your event needs, please contact our President, Joe Arco at joe@mmg-1.com hope to see you soon!
